

Bryan Bogardus President

Bryan Bogardus serves as President of CompWest. In this role, he is a key executive team member and is responsible for establishing the strategies required to build a profitable, innovative business in the western territories.

Bryan has 21 years of experience in the workers' compensation insurance industry and a proven track record of leading organizations through challenging economic conditions. He worked for SeaBright Insurance Company for four years in a variety of capacities, including senior resident vice president, Western Region; senior vice president, Underwriting Operations and senior vice president, Corporate Operations. Prior to joining SeaBright, Bryan worked for Safeco Insurance Company for 17 years in a variety of capacities including region underwriting manager, region sales manager, assistant vice president of workers compensation, and commercial division vice president.

Bryan is a third generation insurance professional. His father was an independent insurance agent and his grandfather was an executive on the company side. Bryan is married with two daughters. He and his wife participate in various fundraising efforts to support several charitable organizations with a particular interest in the Children's Tumor Foundation and Susan G. Komen for the Cure.

Bogardus earned a Bachelor of Business Administration degree, majoring in risk management and insurance, from the University of Georgia.
